

IV ISES CLA - XVII SPES
1 - 5 November 2010
Cusco - Perú

Hotel and sightseeing tours information

Cusco is a majestic and imposing city, the great Inca civilization's cradle and worldwide famous for his monumental Machu Picchu, recognized as one of seven wonders of the world. Cusco offers an ample hotel infrastructure, sightseeing tours and encounter with his ancestral culture: Museums, theater, dance, music, experimental tourism, and a very varied gastronomy based on autochthonous products of Andean origin.

Climate: The town of Cusco is located at an altitude of 3 350 m. November is one of the warmest months, with temperatures varying between 6,4 °C (at night) and 21 °C (during the day) and, normally, few precipitations (79 mm during November). The different tourist destinations, like Machu Picchu, the Sacred Valle and others, have different geographies, particularly different altitudes, and therefore have also quite different climates.

The tourist destinations most frequented by our visitors are: Machu Picchu (reservation of 15 days of anticipation recommended), the Sacred Valle of the Incas (Pisac, Ollantaytambo, Chinchero), City Tours (historic center of the town, Saqsayhuaman, Qenko, Tambomachay), and other ones.

The Organizing Committee of ISES CLA / XVII SPES has made arrangements with some hotels and tourist agencies, indicated with ®, with special offers for the participants ISES CLA / XVII SPES, as indicated below.
